Please note that the font utilized kept misspelling and switching the word ញ៉ាំ (to eat) and other words. Just double check that.

Correction has also been made to sentence number one in the video as it should reflect a similar English translation of:

"Dependent on the location/region, Khmer folks/people still practice and instruct/learn how to dance to the Robam Khaen"

Another tip is adding ពី in between  
បង្ហាត់បង្រៀន  
and រៀបចំ to make it flow better
